

# A Course to Expand Your Treatment Options

You are cordially invited to attend the

## Intramedullary Skeletal Kinetic Distractor (ISKD) Internal Limb Lengthener Surgeon Training Course

**AAOS San Francisco  
Specialty Day  
March 13, 2004**

6:00 p.m. - 8:30 p.m.  
The Palace Hotel  
The Monterey Room

### Instructors:

**Mark T. Dahl, M.D.**

Minnesota Limb Length Center  
Minneapolis, Minnesota

**S. Robert Rozbruch, M.D.**

Hospital for Special Surgery  
New York, NY

This course will include didactic and interactive formats and will include:

- Patient Indications for both post-trauma and reconstructive cases
- Pre-operative planning
- Overview of surgery and instrumentation
- Patient Management
- Case Studies

By the end of this course, the attendee will recognize appropriate ISKD applications and have a thorough understanding of pre-operative planning, surgical technique and post-operative management.

**Registration Deadline:  
March 9**
