

2011 ACR Lupus Attending Abstracts and Presentations

Poster:

- Utility of the Systemic Lupus International Collaborating Clinics (SLICC) American College of Rheumatology (ACR) Damage Index for Antiphospholipid Antibody (aPL) Positive Patients
 - Medha Barbhaya, **Doruk Erkan**, Esther Rodriguez-Almaraz, Glendalee Ramon, JoAnn Vega and **Michael D. Lockshin**
- Type I Interferon and Clinical Phenotype in Idiopathic Inflammatory Myopathies
 - Louise Ekholm, Anna Tjärnlund, Clio P. Mavragani, Peter J. Charles, Leonid Padyukov, **Mary K. Crow** and Ingrid E. Lundberg
- Hospital for Special Surgery Rheumatology Academy of Medical Educators: Planning Retreat Demonstrates a High Degree of Faculty Interest in Teaching, a Teaching Career and Formalized Education to Increase Competency
 - **Jessica Berman**, Juliet Aizer, Anne R. Bass, William L. Cats-Baril, **Mary K. Crow**, Edward J. Parrish, Laura Robbins, Jane E. Salmon and Stephen A. Paget
- Association of Androgen Receptor Gene Polymorphism with Damage in Systemic Lupus Erythematosus
 - Yun Deng, Jennifer M. Grossman, Qiong Fu, William Martin, Matthew Quirk, Ornella J. Rullo, Susan A. Boackle, Chaim Putterman, **Jane E. Salmon**, Vasileios C. Kyttaris, George C. Tsokos, Erika Magdangal, Lori Sahakian, Weiling Chen, Jennifer MP Woo, Deborah K. McCurdy, Chack-Yung Yu, Bevra H. Hahn, Maureen A. McMahon and Betty P. Tsao
- Immune-Complex Induced Inflammation Is Augmented in the Absence Nicotinic Acetylcholine Receptors in Mice
 - Milena Vukelic, Gloria Koo, Patricia M. Redecha and **Jane E. Salmon**
- Deficiency of TACE in Myeloid Cells Prevents Arthritis in Mice
 - Priya Issuree, Thorsten Maretzky, K. Horiuchi, **Jane E. Salmon**, Carl Blobel
- Cognitive Dysfunction and Diffusion Tensor Imaging in Systemic Lupus Erythematosus
 - Elizabeth Kozora, Aziz Ulug, **Doruk Erkan**, Glendalee Ramon, An Vo, Robert Zimmerman, Emily Duggan, JoAnn Vega, Christopher Filley and **Michael D. Lockshin**
- Treatment Regimens of Patients Enrolled in the Lupus Clinical Trials Consortium (LCTC)
 - Alana B. Levine, **Doruk Erkan**, Jill P. Buyon and **Michael D. Lockshin**
- Analysis of Longitudinal Gene and Protein Expression Data Classifies SLE Patients Based on Molecular Profiles Associated with Disease Activity, Serology and Specific Organ Manifestations
 - Mikhail Olfieriev, **Kyriakos A. Kirou**, Dorthe Lundsgaard, Klaus S. Frederiksen, Jan Fleckner and **Mary K. Crow**

- Analysis of Endothelium from Systemic Lupus Erythematosus Patients Demonstrates a Marked Interferon Inducible Signature and an Associated Decrease in Transforming Growth Factor Beta Signaling Genes
 - Diana Goldenberg, Mikhail Olferiev, Duygu Onat, Ante Harxhi, Danieli Andrade, **Mary K. Crow**, Paolo Colombo and **Jane E. Salmon**
- Increased Relative Expression of the Interferon-Responsive Gene MX1 Is Present in Pregnant SLE Patients and May Distinguish Flare of SLE From Preeclampsia
 - Danieli Andrade, Gloria Koo, Patricia M. Redecha, **Kyriakos A. Kirou**, Mimi Kim, **Mary K. Crow** and **Jane E. Salmon**
- Mucocutaneous Flares As Opposed to Flares From Other Organs Have the Strongest Association with High Type I Interferon Levels in Patients with Systemic Lupus Erythematosus
 - Elzbieta E. Jacek, Mikhail Olferiev, Vinicius Domingues, Rolando Duculan, Nancy Pan, **Mary K. Crow** and **Kyriakos A. Kirou**
- Initial Results for the LFA Collective Data Analysis Initiative (LFA CDAI): How Do Subjects From Lupus Clinical Trials Randomized to Standard of Care Respond Over Time?
 - Kenneth C. Kalunian, Mimi Kim, Leslie M. Hanrahan, Jean-Claude P. Becker, Sabine Bongardt, Paul Brunetta, David Close, Jorn Drappa, Richard Furie, Bevra H. Hahn, Matthew Linnik, **Jane E. Salmon**, Neil Solomons and Joan T. Merrill
- Cognitive Differences in Systemic Lupus Erythematosus Patients From the Western (Denver, CO) and Eastern (New York, NY) Regions of the United States
 - Elizabeth Kozora, **Doruk Erkan**, Sterling G. West, Christopher Filley, Aziz Ulug, Glendalee Ramon, Emily Duggan, Lening Zhang, JoAnn Vega and **Michael D. Lockshin**
- Piloting a Patient Health Questionnaire Depression Screening Tool in a Hospital-Based Multi-Disciplinary Lupus Clinic
 - Su Jin Kim, Pretima Persad, Monica C. Richey, Mavis Seehaus, Roberta Horton, **Kyriakos A. Kirou**, **Doruk Erkan** and John Barnhill
- Efficacy of Arthrocentesis Teaching Tools Including Cadavers and Synthetic Joint Models
 - **Jessica Berman**

Oral:

- The Contribution of Cell Bound Complement Activation Products to the Diagnosis of Systemic Lupus Erythematosus
 - Kenneth C. Kalunian, Elena M. Massarotti, Cole Harris, Jill P. Buyon, Eliza F. Chakravarty, Emily C. Somers, Ann Arbor, Puja Chitkara, Rachel L. Gross, **Kyriakos A. Kirou**, Joyce Reyes-Thomas, Rosalind Ramsey-Goldman, Christine Hsieh, Chaim Putterman, Thierry Dervieux, and A. Weinstein
- Effects of Fluvastatin on Pro-Inflammatory and Pro-Thrombotic Markers in Antiphospholipid Antibody (aPL)-Positive Patients: Preliminary Results from an Open-Label Prospective Pilot Study
 - Vijaya L. Murthy, **Doruk Erkan**, Praveen Jajoria, Rohan Willis, JoAnn Vega, Giuseppe Barilaro, Gurjot Basra, Elizabeth Hsu, Laura Aline Martinez-Martinez,

Shraddha Jatwani, Elizabeth Papalardo, Emilio B. Gonzalez, Prashanth R. Sunkureddi and Silvia S. Pierangeli

- Rituximab in Antiphospholipid Syndrome (RITAPS) – A Pilot Open-Label Phase II Prospective Trial for Non-Criteria Manifestations of Antiphospholipid Antibodies (aPL)
 - **Doruk Erkan**, JoAnn Vega, Glendalee Ramon, Elizabeth Kozora and **Michael D. Lockshin**, Barbara Volcker
- Factors That Influence Appointment Compliance Rates In a Multi-Disciplinary Specialized Lupus Clinic
 - Pretima G. Persad, Su Jin Kim, **Kyriakos A. Kirou** and **Doruk Erkan**
- Management of Antiphospholipid Syndrome-From Controversies to Consensus -- Primary Thromboprophylaxis
 - **Doruk Erkan**
- Soluble CD14 in Synovial Fluid From Patients with Early-Stage Osteoarthritis Augments Synoviocyte Responses to TLR-2 and TLR-4 Ligands
 - Anjali Nair, Veero Kanda, Charles Bush-Joseph, Nikhil Verma, Susanna Chubinskaya, Katalin Mikecz, Tibor T. Glant, Anne-Marie Malfait, **Mary K. Crow**, Greg Spear, Alison Finnegan and Carla R. Scanzello
- Management of Antiphospholipid Syndrome-From Controversies to Consensus -- Management of Pregnancy
 - **Lisa R. Sammaritano**
- Management of Antiphospholipid Syndrome-From Controversies to Consensus -- Question and Answer
 - **Doruk Erkan**, Munther A. Khamashta and **Lisa R. Sammaritano**
- Curbside Consults - Fertility and Pregnancy in Lupus
 - **Michael D. Lockshin**
- Cytokines, Mediators, and Gene Regulation II
 - Harris R. Perlman and **Kyriakos A. Kirou**
- The Challenges of Fertility and Pregnancy in Patients with Lupus
 - **Michael D. Lockshin**
- One-Year Outcomes of Systemic Lupus Erythematosus (SLE) and/or Antiphospholipid Antibody (aPL) Positive Patients Enrolled in An Ongoing Cardiovascular Disease (CVD) Prevention Counseling Program (PCP)
 - Aeshita Dwivedi, Virginia Haiduc1, Monica C. Richey, Sotiria Everett, Lisa Konstantellis, Ann R. Garment, Hassan Ghomrawi and **Doruk Erkan**
- Favorable Prognosis in a Large, Prospective Multicenter Study of Lupus Pregnancies
 - Jill P. Buyon, Lamya Garabet, Mimi Kim, Emily R. Reeves, Marta M. Guerra, **Michael D. Lockshin**, Carl A. Laskin, Ware Branch, **Lisa R. Sammaritano**, Michelle Petri, Joan T. Merrill, Allen D. Sawitzke and **Jane E. Salmon**
- Rapid Surges of Anti-dsDNA Titers Predict Severe Clinical Flares in Systemic Lupus Erythematosus

- Nancy Pan, Isabelle Amigues, Rolando Duculan, Faiza Aziz, Stephen L. Lyman, **Mary K. Crow** and **Kyriakos A. Kirou**
- Update on APS Action and APS Clinical Studies
 - **Doruk Erkan**
- Mechanisms of Thrombosis in Systemic Autoimmune Disease
 - **Jane E. Salmon** (Moderator) and Rachel Kaiser
- Hydroxychloroquine in antiphospholipid syndrome: What is the Role of Hydroxychloroquine and Statins in the Prevention of Thrombosis in Systemic Lupus Erythematosus and Antiphospholipid Syndrome?
 - **Michael Lockshin**
