PEDIATRIC ORTHOPAEDICS

for the Primary Care Provider

November 15, 2013

SPONSORED BY Hospital for Special Surgery Office of Continuing Medical Education

LOCATION

Hospital for Special Surgery
Richard L. Menschel Education Center, 2nd Floor
535 East 70th Street, New York City

STATEMENT OF NEED

Care of the musculoskeletal system is a major component of pediatric primary care practice, but clinical practice is sometimes hampered by limited knowledge of the musculoskeletal system or limited clinical exposure to certain conditions. In order to advance their practice, pediatric providers must continuously improve their knowledge of the pediatric musculoskeletal system with up-to-date information about common as well as more complex conditions in children. The fast pace of new treatments, as well as the importance of subtleties of management for varying injuries and conditions, can pose a challenge for primary care physicians in their daily practice. This course will cover a full range of conditions, reinforce basic knowledge and provide updates regarding the latest treatment innovations.

TARGET AUDIENCE

This activity is targeted to primary care physicians, family physicians, pediatricians, physician assistants, nurse practitioners, residents, fellows and medical students.

OBJECTIVES

HSS activities are intended to improve the quality of patient care and safety. At the completion of the course, the participant should be able to:

- ✓ Identify the correct treatment of musculoskeletal issues in the child athlete and be able to make appropriate specialist referrals.
- ✓ Discuss current treatment approaches for pediatric musculoskeletal tumors.
- ✓ Select appropriate treatment approaches to sports-related hand and wrist injuries.
- ✓ Diagnose and treat complex musculoskeletal conditions in children including cerebral palsy and scoliosis.

- ✓ Recognize musculoskeletal deformities in children.
- ✓ Demonstrate the correct treatment of simple pediatric fractures and be able to make appropriate specialist referrals when necessary.

ACCREDITATION

Hospital for Special Surgery is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

CREDIT DESIGNATION

Hospital for Special Surgery designates this live activity for a maximum of 5.5 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SPECIAL NEEDS

Hospital for Special Surgery is accessible for individuals with disabilities or special needs. Participants with special needs are requested to contact the Office of Continuing Medical Education at 212.606.1812.

FINANCIAL DISCLOSURE

In accordance with the Accreditation Council for Continuing Medical Education's Standards for Commercial Support, all CME providers are required to disclose to the activity audience the relevant financial relationships of the planners, teachers and authors involved in the development of CME content. An individual has a relevant financial relationship if he or she has a financial relationship in any amount occurring in the last 12 months with a commercial interest whose products or services are discussed in the CME activity content over which the individual has control.

It is the policy of Hospital for Special Surgery to request **all** financial relationships that Activity Directors, planning committee members, planners, authors and staff have with commercial interests, but to disclose to the activity audience only the **relevant** financial relationships.

FOR MORE

Go to www.hss.edu/cme for a complete calendar of scheduled live and online CME activities.

PROGRAM AGENDA

Faculty and agenda are subject to change

8:30a	Registration and Breakfast*
9:00a	Welcome and Introduction* Shevaun M. Doyle, MD and Roger F. Widmann, MD
