

Explanation of Charges For Radiology & Imaging Services

If you are receiving Radiology and Imaging services in addition to your physician office visit, you may receive **two separate bills** from Hospital for Special Surgery:

- A bill for the technical/hospital portion of the services.
- A separate bill for professional interpretation by a Board Certified Radiologist.

Each of these bills must be paid separately.

BILLS FOR RADIOLOGY & IMAGING SERVICES

HOSPITAL TECHNICAL FEE

Image acquisition including:

- Equipment
- Supplies
- Technical Personnel
- Facilities

- If you receive insurance coverage through Medicare, Medicaid, a participating managed care carrier or commercial insurer and have provided complete financial information to the hospital at the time you've received services, we will submit a claim to your insurance carrier on your behalf.
- Please be aware, you will be billed for amounts that your insurance carrier determines are your responsibility - for example, a copayment, coinsurance, and/or deductible.
