

COMPREHENSIVE CARE FOR JOINT REPLACEMENT (CJR) – COLLABORATOR LIST

Information for Total Hip or Total Knee Replacement Patients who have Medicare as their primary insurance

Hospital for Special Surgery is participating in a Medicare bundled payment initiative called the Comprehensive Care for Joint Replacement (CJR) model. The CJR model aims to promote quality and financial accountability for care surrounding Lower Extremity Joint Replacement (LEJR) procedures, commonly referred to as hip and knee replacements and/or other major leg procedures.

The participation of Hospital for Special Surgery in the CJR model should not restrict your access to care for your medical condition or your freedom to choose your health care providers and services. All existing Medicare FFS beneficiary protections continue to be available to you. These include the ability to report concerns of substandard care to Quality Improvement Organizations and 1-800-MEDICARE.

The following list includes health care providers that have entered into a collaborative agreement with the Hospital for Special Surgery in this effort. This list will be updated at least quarterly.

Physician CJR Collaborators

Michael Alexiades
