Relevant Experience

Briefly describe one or two personal experiences that show your commitment to women's health, active and athletic women, or sports medicine.

Examples of relevant experience:

- Research on health or fitness of active and athletic women
- Clinical shadowing, volunteering, or work in sports medicine, physical therapy, athletic training, or women's health settings

- Advocacy, outreach, or student leadership in women's health
- Your own personal experience as an active or athletic woman
- Involvement in programs for girls and women in sport
